

Italy 4G MIFI Instructions

Your Mifi hotspot's model number and Wifikey (password) are sticker labeled on the back of the device.

- Once in Italy power on the device.
- The Mifi's model number will appear as an available WiFi option. Login with the Wifikey. (case sensitive)

You can now access the internet.

Your service allows up to 10GB of data.

- Renting over 30 days?- Your 10GB will replinsh every 30 days from the start of your trip.

Having connection issues? Press the "WPS" (connection) button on the edge of the device.

If you are still having connections issues confirm that your APN is set to ibox.tim.it

1. Once paired to the MIFI type **192.168.1.1** into your internet browser
2. Next click the **Settings** tab
3. The login is: **admin**
4. The password is: **admin**
5. Click **Dial up** and then **Profile Management**
6. Confirm the profile **APN** is **ibox.tim.it**
7. If it is not set to **ibox.tim.it** edit the profile to make the corrections
