Satellite Phone Service

Cellular Abroad offers both monthly worldwide service plans and prepaid service plans. Details on the available plans are as follows:

Monthly Service Plans

If you work, live or travel in areas outside cellular coverage or in areas with inadequate landline service, Iridium service from Cellular Abroad is for you. Eighty-six percent of the world's landmass and all of its oceans are in areas with inadequate landline service. Iridium addresses these situations by providing coverage in all ocean areas, air routes and all landmasses - even the Poles.
