

MIFI Instructions

Your Mifi hotspot's model number and Wifkey (password) are printed on the back of the device underneath the battery and also on the included sticker label.

- Your SIM Card has been inserted and your device configured.
- Your 30 day plan begin upon first internet use with the device.
- Power on the device.
- The Mifi's model number will appear as an available WiFi option. Login with the password. (case sensitive)

You can now access the internet

Your service allows up to 9GB of data over 30 days from first use.

Additional Data

The SIM card can be renewed for additional 30 day data bundles (including the European calls and texts) as long as your SIM is still active. SIM cards last for plus 60 days from the end of the last active 30 day period.

Having connection issues? Press the "WPS" (connection) button on the edge of the device.
